IDEAL PROTEIN

FUNDAMENTALS OF IDEAL PROTEIN

The Ideal Protein Protocol is a weight and lifestyle management protocol medically developed and based on validated science for safe weight loss. It features one-on-one coaching and a healthier lifestyle education.

Being overweight adds additional stress to your bones, joints and connective tissue. When joints are damaged or causing chronic pain, the additional weight can compound the issue.

Losing weight may be one option to improve pre- and post-surgical outcomes, and it may even help you avoid surgery altogether while providing relief from regular joint pain.

By eating protein foods, the protocol helps to support muscle mass and teaches you how to develop smarter eating habits and lifestyle choices, to help maintain your weight after weight loss is achieved. The Ideal Protein Protocol is not a high-protein diet. It simply offers a variety of good, quality, protein-based foods that are easily assimilated.

**Lose Weight.
Relieve Joint
Pain. Get Back to
What You Love.**

LIFESTYLE LIVING

**Congratulations you are
now in Lifestyle Living!**

PHASE 4 - MAINTENANCE

Phase 4 is our structured approach to stabilization and maintenance, also called Lifestyle Living. It's a 12-month stabilization period, with ongoing support to help you maintain your weight loss success.

Smarter, Healthier Choices for Lifestyle Living

Lifestyle Living means to live a healthier life with better eating choices and smarter decisions. You'll be empowered to:

- Be mindful of what you eat and how much you're eating
- Understand how and why your body gains fat and how to avoid it
- Have fun with your food by adding variety to your meals

IDEAL COMPLETE, A TOOL TO HELP YOU SUCCEED

It's easy to stray from the path of healthy eating. You know it's important not to skip meals, but sometimes life can be busier than expected. That's where Ideal Complete comes in.

Ideal Complete is our line of complete meal replacements, with options for breakfast, lunch or dinner, for anyone who wishes to replace a meal while on the go.
